

FOREWORD

The Cooperation Committee for Cambodia (CCC) is pleased to present the 2006-2007 edition of the Directory of Cambodian NGOs. This is the seventh edition produced by CCC since 1996 and the fifth time the directory has been published in Khmer. Complementing this directory is the online searchable NGO database, which is updated regularly and provides basic agency information. (see CCC website at www.ccc-cambodia.org)

The Directory of Cambodian NGOs (2006-2007) contains organizational profiles of 220 local non-government organizations registered and active in Cambodia.* This year's edition also includes the new **Code of Ethical Principles and Minimum Standards for NGOs in Cambodia** as well as the Local Association and Local Non-Government Organizations registration forms for the Ministry of Interior.

The local NGOs presented in this directory are involved in a wide range of activities in a variety of different fields and sectors. Some are newly formed and relatively small, and represent a growing and important sector of Cambodian civil society. Many are among the most active and influential local organizations in Cambodia working for many years in areas such as:

- Democracy and Human Rights, focusing on policy, training, networking, and advocacy work
- Community development including agriculture, health, education, HIV/AIDS, income-generation and other rural and urban development activities
- Community based organizations and associations participating and directly managing their own development processes.

CCC's objectives include providing information services about the NGO sector in Cambodia as well as supporting the development of the NGO sector in a changing environment. We hope this directory contributes to a better understanding of the work of local NGOs in Cambodia and that this in turn leads to stronger partnerships among the development community in Cambodia.

We would like to acknowledge the following CCC staff for their work in producing this directory, Mr. Sam Sophal, Ms. Toy Monireth and Mr. In Samrithy. Finally, this directory is dedicated to all the Cambodian staff of local NGOs who are working together to build a better Cambodia for all.

Sincerely,

Carol Strickler
Executive Director

April 2007

* The number of current active CNGOs/Associations is around 668 out of 1495 registered at Mol (Report on Mapping Survey on NGO Presence and Activity in Cambodia, CDC-NRM Program Danida, August 2006)

Please contact CCC if your organization would like to be included in future publications. All information in this directory is self-reported and voluntarily submitted by the organizations profiled herein. We apologize for any errors or omissions on in producing this publication.
