Title	Final Presentation of Cambodia Prek Liang I · II Hydropower Project		
Write	KAC	Reg date	2012.12.14

The final presentation for Cambodia Prek Liang I · II hydropower project was held in Phnom Penh on December 14.

This dam-type project shall be constructed in Prek Liang located 400km away from Phnom Penh.

The installed capacity and annual gross generation will be 128MW and 583.91Gwh respectively. It is expected to develop the surrounded area and to improve their quality of life.
